Dear All

### **PUMP PRICE ADJUSTMENT**

The Authority has resolved that pump prices of Petrol and Diesel should be adjusted upwards **effective 20<sup>th</sup> January 2026**.

This follows a price review by MERA Board. The Authority wishes to advise that Under the Automatic Pricing Mechanism (APM), considering the differences between the actual and deemed In-bond Landed Costs (IBLCs) used, **petrol and diesel qualified for price revision** since the changes in their landed costs are beyond the  $\pm 5\%$  trigger limit.

In line with the APM, for sustainable importation of petrol and diesel, pump prices of these petroleum products have been adjusted upwards as follows:

<b>Product</b>	<b>Ruling Pump Prices (MWK/litre)</b>	<b>Approved Pump prices (MWK/litre)</b>	<b>% Change</b>
Petrol	3,499	4,965	41.90%
Diesel	3,500	4,945	41.29%

Please be reminded that it is a requirement that pump prices are clearly displayed on a visible signage within the business premises.

Yours faithfully,

**MALAWI ENERGY REGULATORY AUTHORITY**

Dad Chinthambi
